KUĆNA HEMIJA

**HOUSEHOLD
CHEMICALS**

Zadovoljstvo nam je predstaviti našu kompaniju kao jednu od najperspektivnijih u proizvodnji kućne hemije i sredstava za ličnu higijenu..

Vukochem je osnovan 1.aprila 1992.god. u Šapcu, gradu sa dugom hemijskom tradicijom. Posvećen istraživanju i razvoju, kao i osluškivanju potrebe tržišta, Vukochem je razvio široku paletu standardnih i specijalnih sredstava za pranje, čišćenje, poliranje, dezinfekciju i ličnu higijenu.

Proizvodnja je automatizovana i organizovana na tri automatske linije. Automatizacija proizvodnje je unapredila ceo proizvodni proces tako da je kapacitet proizvodnje preko milion (1.000.000) boca mesečno.Firma je smestena u industrijskoj zoni i prostire se na preko 6.000m² proizvodnih i skladišnih kapaciteta. U firmi radi pedeset radnika, stalno zaposlenih.

Naša firma je i proizvođač brendova i robnih marki poznatih trgovinskih lanaca.

Posedujemo i sertifikate IFS HPC, ISO 9001, ISO 14001 - međunarodni standard koji sadrži zahteve za sistem upravljanja kvalitetom.

Vukochem sledi strategiju standardizacije proizvoda, dizajna i kvaliteta kao i pratećih markentiških aktivnosti.

Vlasnici smo nekoliko patenata i dobitnici više priznanja u ovoj oblasti proizvodnje.

Nastojimo da maksimalno osluškujemo tržište i da odgovorimo zahtevima i potrebama potrošača. Pri tome kvalitet i dizajn su prepoznatljive odlike svakog našeg proizvoda i naš imperativ.

Vukochem-ovi proizvodi kućne hemije zastupljeni su kako na domaćem, tako i na inostranom tržištu.

Smatramo da po kvalitetu i ceni proizvoda zadovoljavamo visoke standarde Evropske unije, tako da na to tržište usmeravamo našu pažnju.

Ako su vam potrebne dodatne informacije, molimo Vas da nam se obratite.

Dear all,

It is our pleasure to present our company as one of the most promising companies in the field of production of household chemicals and personal hygiene products.

Vukochem was founded on 1 April 1992 in Šabac, the city with long-term tradition in chemical production. Dedicated to research and development, and by perceiving the market needs, Vukochem has developed the wide range of standard and special products for washing, cleaning, polishing, disinfection and personal hygiene.

Production is automated and organized in three automatic lines. Automation of production has improved the entire production process so that the production capacity is over a million (1,000,000) bottles per month. The company is located in the industrial zone and it covers the area of 6000m² with production and storage facilities. There are fifty full-time employees in the company.

Our company is the producer of brands and trademarks of well-known trade chains.

We have IFS HPC, ISO 9001, ISO 14001 certificates – international standard which includes requirements for quality management system.

Vukochem follows the strategy of product standardization, design and quality as well as accompanying marketing activities.

We are the owners of several patents and winners of numerous prizes in the field of production.

We are doing our best efforts to meet market needs and to satisfy requirements and needs of consumers. Quality and design are recognizable features of every product of ours and it is our imperative.

Vukochem household chemicals are present both at local and at foreign market.

We think that we meet high EU standards in terms of quality and product price, so that we are focussing on that market.

If you need any further information, please do not hesitate to contact us.

Yours faithfully.
